# NEXT WORLD CUP HERO

by John Martin

"SPEEDIE PALINKAS", the young Melbourne player who has made the big time the hard way, looks like having a bright future in the round-ball game.

Joe Palinkas has come a long way in a short time having made his debut with Melbourne's first team when he was 17.

From that very first match against Juventus at Middle Park, Joe has never looked back. His speed, and clever ball control earned him a trip to Indonesia recently with national director of coaching Eric Worthington. The team was undefeated.

There is no doubt Joe will be in the Socceroos' squad for the next World Cup in 1978 but in the meantime he will give much value to his club and supporters at Middle Park.

The flying winger devotes all his spare time to training about three nights a week. It has paid off and the sight of him at full speed with his dark high flying in the breeze is one of the attractions of the Melbourne side.

Joe's speed and balance is not complete without the courage he has to throw himself into attack no matter how strong the opposition.

Joe's control of the ball is first class. He can feint to the left or right, and his touch is as meticulous and delicate with the inside or outside of either foot. Joe is all go on the field — a player to watch from the first whistle.

Melbourne's success, apart from the keen coaching and devotion of

captain Alistair Scott, stems from players of Joe's calibre, there is nothing of him physically, yet I have seen him win an all-out tackle with as powerful a player as defended Sandy Irvine, of the Juventus club.

Young Palinkas is probably one of the Loalist Melbourne players. He has always advocated that Melbourne gave him a "fair go". Had it not been for them he would never have kicked on in the game and he certainly would never have gained a trip to Indonesia with the national under-23 side.

He is top scorer for Melbourne with six. He scored last week in his team's 3-0 win over the Barkers. But this won't be the last goal to come off his boot this year. His great skilful play gave Melbourne a 2-1 win over Footscray JUST the previous week and again it was Joe who found the net with teammate Mike Manson with whom he teams so well.

Remember the name — Joe Palinkas. You'll be hearing more of this young flying winger in the future. He could even be the hero in our next World Cup attempt — and we certainly need a striker or two after our recent effort!

# SOCCER WEEK PREVIEW

by JOHN MARTIN

## SICK HAKOAH MAY DROP CLAREY

FOUR good games this weekend will thrill State League fans. They are at Olympic Park on Saturday, and at Fawkner, Maribyrnong and Middle Park on Sunday.

Take your pick — anyone of these matches will be well worth the trip in the cold of Melbourne's winter.

On Saturday, Hakoah St Kilda will be anxious to cure their sickness of failing to score when their forwards are only a few yards from the goal. It will be interesting to see if coach Sam Myer has the courage to drop Mike Clarey who made such a mess of his shooting efforts against Ringwood City last week.

There is something missing from Hakoah. I don't know what it is. Perhaps the club needs a re-shuffle at the top in the committee department.

When you see players of the calibre of Mike Micevski and Mike Mandalis failing to put the ball in the net when well placed, it makes one wonder.

Hakoah can't afford any mistakes against their opposition, Fitzroy United Alexander. Fitzroy's poor showing against Polonia has put them in serious trouble with their supporters. Has the rot set in? They can't drop back at this stage with their vital game against Hellas on July 28, only a week away.

Middle Park supporters will get real value for money on Sunday when Melbourne — three wins in a row — take on leaders Hellas. There's no doubt Hellas have the strongest attack in the game but Juventus proved on Sunday that they could be beaten. Had the game gone another 10 minutes Juventus looked like winning instead of sharing the points.

Martin Ryan is the danger man for Melbourne. His two goals last week against Slavia were real gems. We'll hear more of this former West Australian in the next few weeks. Coach Alistair Scott is a very happy man with his Rams at the moment — and don't be surprised if he doesn't pull off another shock result against Hellas.

But the South Melbourne side look set for this year's title. The way John Bedford and Ian Marshall play is giving the team a lot of strength in midfield and the rear. And Marko Fode is still one of the best keepers in Australia. He reads the game well.

Mike de Bruyckere has made a fine outfit out of Polonia. His side will worry Footscray JUST at Maribyrnong on Sunday.

JUST are confident of making up lost ground with Branko Buljevic and Jimmy Milisajevic back from the World Cup, but they shouldn't build up too many hopes against the Poles. They are an unpredictable side. Few tipped them to reach through Slavia — the strongest defence in the League — but they did. Frank Micic has given

great service to JUST and Victoria. Watch him go on Sunday. In the veteran class he's still worth two players to Footscray when they are up against it.

Pity Juventus playing on the cow paddock at Fawkner — and the facilities that don't exist. What a price George Cross have to pay for the promise of better things at Broadmeadows?

If Dr Manny and his boys can overcome the craters and crevasses which scar what purports to be a soccer ground at Martin Reserve, then he could have his first win in seven weeks.

But I don't think Juventus will succeed on the mud heap. George Cross and their dynamic little sharpshooter Paul Murphy, are about to challenge Hellas at the top. It's only a matter of time. But to play anything like skilful football on such a surface is impossible.

So these two ball playing sides will have to rely on kick and rush — and hope the ball ricochets off the ridges in their favor. Which is a tragedy because this could easily be the match of the season as there is so much at stake for both sides.

I think Slavia will make amends for their flop last Sunday and beat Keilor who are odds on to go down and be replaced by Sunshine City at the end of the season.

Steve McCoombe and Jim Tansey are the backbone of Slavia with their best goalie Mike O'Hara out to prove he's State class again. A win looks certain for the Prahran side.

The old battle between neighbors Mooroolbark United and Ringwood City should produce fireworks on and off the field. This will be more a battle of personalities — Brian Edgley the Barkers' coach trying to out-think Ringwood's coach Ken Kontra and the big Ringwood boss himself, John van Hoboken.

Last time they met it finished in a 1-1 draw so the scene is set for a real High Noon showdown. Whichever big gun fires first could take the points here.

Ringwood's Phil Williamson is in great form up front and if teammate Gary Cole can give a little more striking power they could break through.

The Barkers also need more bite and a little less bark. Edgley can't do it all and it's time his other 10 men realised this.

Another draw would be a fitting result and providing the Barkers can live to see another season in top company we could be in for some more exciting High Noon duels next season.

## CAN WE HELP THIS LADY?

MRS PAT JENNINGS (no relation to the famous English goalkeeper) of Trawalla Estate, Trawalla, Victoria, has written to Soccer Week for help.

She said in her letter this week "I wonder if you know of a firm or some generous person interested in soccer who would supply soccer shirts for the Beaufort High soccer team?"

"Two of my boys are in the team; last year three of them played but the eldest is now over 16 and plays elsewhere."

"Last Sunday the team played a 1-all draw and they impressed everyone but it made me unhappy to see how shabby they looked. They wore the rowing club's jumpers and boys who didn't have them wore odd shirts."

"As most of these boys have changed from Aussie rules to soccer I feel it is a shame for them to have the left overs. Their coach is a

young chap from England, Peter Skelton, and he works very hard on the boys.

"If they were well turned out I know it would give them added incentive," Mrs Jennings added.

If there is a club who could help this worthy cause would they please write direct to Mrs Jennings, care of Trawalla Estate, Trawalla, Victoria.

Should anyone take up this offer SOCCER WEEK, 3 High Street, Prahran, would like to know.

## MORELAND 2 — CROYDON 1 Metropolitan League Division Two

MORELAND started this game as the underdogs, due to the fact that Croydon were sitting in second place on the ladder and the home team second from the bottom.

Things really looked grim for Moreland before the game with four first team players on the sidelines because of illness and injury, but the depth of the first team squad again paid dividends.

Croydon were under attack right from the start and when J. Ferretter was pulled down in the penalty box early in the first half the referee had no hesitation in awarding a penalty kick.

Club Captain, Chris Kelly, booted the mud covered ball wide of the Croydon keeper to put Moreland in front.

Croydon scored the equaliser well into the

second half from a goal mouth scrimmage and Joe Farrugi had no chance with the shot from close range.

But the home team had played so well with too much at stake to lose this one and bounced right back.

Ray Evans kicked the winner from a free kick. His shot struck the bottom of the upright and bounced into the net to seal the match for the underdogs.

## SENIOR SOCCER AND JUNIORS

There is no doubt that at junior level soccer is making great strides. More and more schools are now playing the game and one of the most heartening sights, recently, was to see from my office window, which overlooks the Melbourne Grammar School, a large number of boys doing a well organised stunt of soccer training.

Whilst it is beaut to see this soccer explosion, is it really helping the game as a whole? Is the junior set-up more interested in juniors as if the game should be played at junior level only? Granted that certain boys do come through to senior ranks, but what support do the juniors give to their local senior club? Are they encouraged to attend these senior games, do they take an interest in the senior game?

Unfortunately, in my experience, I find the contrary to be so. Junior games and training sessions are arranged on a Saturday afternoon, boys are told by their coaches not to watch that "rubbish", and generally senior Clubs are ignored. What makes it worse it is the junior coaches who adopt this attitude, the very people who should know better.

I plead with those responsible for junior teams encourage, or indeed take your boys to the local senior game, let them become involved.

Once boys start becoming interested and going to games, their parents will become interested as well, and almost overnight the number of spectators could be doubled.

In the long term the benefits will also be felt. We know that a large percentage of junior players will not last right through to playing senior soccer, but by going to games the habit will be

formed and so we get the onflow of increasing support.

It is also important that Senior Clubs recognise that they have a duty to perform as well, in encouraging supporters as well as players. Why not set aside an area for these boys to watch the game and appoint a club member or official to explain to the boys what is happening, identify the players and generally encourage their support.

Australian Rules supporters are brain washed from birth, let's do a bit of brainwashing ourselves.

We cannot afford to have divided ranks. So to the juniors, remember that it is Australian Soccer right up through to World Cup level that counts — and to the seniors, think of all that potential support being wasted and go to it.

**SPONSORSHIP** is the big talking point in Victorian soccer circles at the moment. VSF chairman Michael Weinstein said that the board of management will discuss sponsorship next week.

One of the problems seems to be where to draw the line. So far we have Courage Breweries, Carlton United Breweries and Patra who have officially backed State League clubs George Cross, Hakoah St Kilda and Sth Melbourne Hellas, respectively. There will be more. All are jumping on the band wagon because of the possibility next year of a national league and the free advertising perks it will bring with it.

**LOOK** for a new film "Soccer - the universal football game" which has been produced by the Bank of New South Wales. You won't see it in the cinemas but if you phone the bank's public relations department at their Bourke Street branch you will be able to show it to your players. We understand some of the Socceroos like Doug Utjensovic, John Warren, Otis Abonyi, John Watkiss and Ray Baartz are featured in the film.

**JOHN COLLINS** has proved to be a most capable chairman of the Metropolitan League. The progress of the league under his leadership during the past two years has been fantastic. He brought stability into the league and is working hard on the VSF board of management. He's a man who doesn't seek glory and does not use his position in the league to push himself with the Top Brass at Soccer House. He's proved to be a good debater at board level where he's winning a lot for the thousands of clubmen he represents. Some of his achievements have been his drive to get Sunday games for first division clubs and the sponsorship of Rothmans for his league. His position often brings him in conflict with representatives of the State League but he always has a way of winning his argument.

**"GOALPOST"**, the Metropolitan League newsletter, will cease publication next week. Enough said!

**MORNINGTON** Soccer Club hold their mid-season Ball at Mornington Civic Centre on August 3. Guest of honor will be John Barclay, the Australian World Cup manager, and long distance runner Tony Rafferty. Admission \$5. Kick-off 8 p.m.

**ALBION** Rovers, the club with a strong representation of former State League stars including the flying goalkeeper, Ian MacDonald, of British Calidonian Airways, hold their mid-season Ball at Highway Inn, Ballarat Road, Deer Park, on July 26. Admission \$12 double.

**FOUR** Victorian juniors - Gary Groenewald and Lou Sannipoli of Melbourne, and Rick Lia (Sth Melbourne Hellas) and Michael Shuttle-

worth (Bayswater) - have been selected to represent Australia's Under 15 side against the champion English national Under 15 team in Sydney next month.

**FRANK** Burin, former Croatia secretary, said he's given up trying to get the remaining members of the team back into the game. His last request to the VSF failed. "I believe there are some of our former members living in the Western Suburbs who are trying to join clubs in their district but I am not prepared after 15 years in the game to go through the whole business again. I've tried twice to get our club re-instated and I have failed. I am not going to waste any more of my time and money working on it. I am sick of it. I will now watch my soccer on the telly," he said.

**CHARLIE** Szabo, the 12 year-old Melbourne junior goalkeeper, broke his collar bone playing against Waverley at Elwood. Charlie will be out for the rest of the season. His team drew 2-2.

**COLIN** Allison, the former Victorian junior captain, has chipped his kneecap in a game for Melbourne Colts against Mooroolbark. Ground conditions were shocking and the game was abandoned at the score of 0-0. Colin won't play again this season. A sad blow for Melbourne.

**NICK** Thyssen, managing director, and Hugh Bowman, national marketing manager, of Patra fruit juices, are soccer people at heart. That's why their company has sponsored South Melbourne Hellas.

**DINO** DeMarchi, the Juventus striker, received one week suspension by the Tribunal for "ungentlemanly behaviour" at Olympic Park.

**BRANKO** Buljevic, the Socceroo, scored his first goal for his club, Footscray JUST, this season when his winning shot over Keilor gave his team a 1-0 on Saturday.

**FOOTSCRAY** goalie Jimmy Milisaljevic proved that he has recovered from his leg injury received against George Cross with his top performance last Saturday against Keilor.

**GARY** Cole played a big part in Ringwood

City's strong resistance to Hakoah St Kilda at Middle Park, on Saturday, even though his team went down fighting 1-0.

**TONY** Kovac, State League chairman, just back from West Germany where he saw the World Cup, says they sent four referees home because they gave bad performances. Should we adopt this policy in Victoria? If so, where would we send our whistlemen? They could be dropped from State League to division four for a start!

**SOCCER** writer Jim Barker is improving his broadcasting technique. Last Sunday at Middle Park he provided a first-class service for Sth Melbourne Hellas when announcing teams, results of other league games and the news that Hellas were now sponsored by Patra, the fruit juice people. Good on you Jim!

**PAUL** Murphy netted the only goal for George Cross in their 1-1 draw with Mooroolbark on Sunday and this gave him 13 goals for the season. He is now leading the goalscorers' competition - one in front of Jim Armstrong, of South Melbourne Hellas.

**BILLY** Vojtek, star Juventus signing from Croatia-Sydney, was blotted out of the game against Hellas at Middle Park on Sunday by Peter Bourne, Ian Marshall and the man-of-the-match, Johnny Bedford.

**NICK** Nechvoglod, the USC Lion striker from Adelaide, has made a big impression with South Melbourne Hellas this season. He has scored five goals for them. But he may soon be lost to the club and to Victorian fans. Nick is territory manager for Prince Matchabelli cosmetics and he is being transferred back to Adelaide at the end of this month. Nick, who is 23, will be 24 on July 20. He is engaged to beautiful Sandy Thomas, of Woodville, SA. She is a great soccer fan having known Nick for three years and never misses his games. She said on Sunday Nick likes playing soccer for Hellas because of the big crowd atmosphere - something he didn't have in Adelaide with USC Lion.

**KURT** Defnis, secretary of Hakoah St Kilda, was so disappointed with his team's effort on Saturday he walked to the dressing room 10 minutes before the end - and missed the only goal of the match scored by Joe Katz six minutes from time.

**SAM** Myer, Hakoah coach, said his forward had "lost confidence in themselves. They don't know how to score goals." On Saturday against Ringwood City

forwards Mike Michevski and Mike Clarey had many chances which were wasted.

**HENRY** Posnanski, 20, is doing a great job in Hakoah's goal deputising for the injured Jack Reilly. He is one of Hakoah's junior products who has made the grade. If he continues his good performances he could easily step into Reilly's boots as Socceroos goalie for 1978.

**ANTONY** McCann, Melbourne under 10 star, has torn ligaments in his left leg and is out of the game for a few weeks.

**PHIL** Price, assistant secretary of the Victorian Soccer Coaching Association, is quite impressed with the Yarra region under 15 side which he has been coaching. Two of his boys have been selected to play in the Australia under 15 side in Sydney against English under 15 tourists. But he says he has many other promising boys including Jimmy Wilson, a right back, Stewart Fowler, right wing (his father played right back for Melbourne for more than seven years), Martin Brooks, from Greensborough, showing exceptional promise as a right winger and Stephen Ellis from Keilor Austria, a promising attacking mid-field player. The squad have played three games winning all with an average of four goals to one. Phil used to coach in England and played in Walsall.

**STEVE** Walker, of Hellas, refereed the Under 10's and under 12's games at Elwood on Sunday morning. He has two sons, Lorn and Rory who play for Melbourne juniors.

**BILL** Beveridge, president of the Victorian Soccer Trainers Association, is looking for members. Phone 359 1628 after hours, 45 2601. The association trains people how to look after players when they have been injured among other things. Letters to the association should be addressed to Soccer House, Fitzroy Street, St Kilda.

**FRANK** Weimper, GTV9 soccer commentator, was "booked" when playing for Keilor Austria reserves on Saturday. After his booking he joined his colleague Tony Charlton for the "Live Soccer" session.

**KEITH** Webster was dropped from Juventus on Sunday "because of lack of effort. We expect a lot from a player like this with his ability," said tough coach Manny Poulakakis, before the kick-off. Juventus played their best game for six weeks holding the league leaders Hellas to a 1-1 draw.

ABOVE (Hakoah v Ringwood) The players in this shot taken by our roving cameraman

Mr Richard Thwaites did a good job with the whistle at Middle Park on Sunday.

**SANDY** Irvine, one of the stalwarts of the Juventus defence and a star Victorian mid-fielder, was pleased with his team's draw against Hellas on Sunday. But he believes the side needs someone in mid-field who can tackle hard and can destroy attacks. "We have far too many ball players." He believes the reason why Billy Votek is constantly being marked is because he holds on to the ball too long. Sandy has played for Juventus for six years and has represented Victoria 20 times.

**DAVID** Gorrie took advantage of Hellas marking Billy Vojtek on Sunday. He pounced on a ball and smashed it into the net before goalie Marko Fode had time to see it.

**JIMMY** Armstrong, Hellas striker, said the South Melbourne side played well in the first half against Juventus on Sunday but in the second they played individually and failed to go ahead. "I believe we were over confident," he said. "I was upset at half time because I was making the openings and not getting the ball." Johnny Bedford said he didn't think the players ran around enough. "We were all waiting for the perfect pass but it wasn't on," he said.

**FIRST** to congratulate David Gorrie on scoring for Juventus on Sunday was Hellas goalie Marko Fode after the game. Marko, a true sportsman, said "Good goal David." He said David moved into the open space with a good run.

**PAUL** Mirabella, president of Juventus, was the happiest man in town on Sunday night. It was his wedding anniversary and the draw his team had against Hellas was "a great result. Even the people from Hellas congratulated me on the way Juventus played," he said. "I am pleased for our coach Manny Poulakakis. He has worked so hard on the team."

# LEN STONE'S METROPOLITAN GOSSIP

By LEN STONE

IN THE BIG MATCH at Kim Reserve before a huge crowd, Sunshine City did what they threatened to do all season.

They played superb soccer to defeat their nearest rival Altona City 2-1 and now lead the First Division with three points.

Altona, Preston, Keilor and Frankston will now find it difficult to dislodge Sunshine from the top of the ladder although all of them are playing well.

Jimmy McRobert opened the score for Sunshine after 25 minutes and they held their lead until half-time. Ian Hynds equalised with a penalty shot at the 60 minute mark, but 10 minutes later Kazi Piotrowski popped up to give Sunshine the winner.

This is probably the most important goal Kazi has scored for Sunshine City.

Bobby Pocock played his best game of the season for Sunshine and Jim McRobert was another star performer. Nat Little, Ian Hynds and Ian McLeod never stopped trying for Altona.

In fact, both teams were full of running and although it was a hard fought encounter, it was always contested in a sporting manner and the big crowd had their full share of thrills and excitement.

Perhaps Altona had one consolation — they had one of the biggest gate receipts ever taken at a Metropolitan League game. At least the club treasurer won't be too disappointed with Altona's tumble.

\*\*\*

FRANKSTON CITY defeated Yallourn 3-1 at North Seaford Reserve. Although the Gippslanders played surprisingly well, there was no doubt that the honors belonged to Frankston.

One of the highlights of the game was the brilliant save by Frankston goalie Billy Papsoutis who punched clear a penalty kick taken by Yallourn's Bailey.

Frankston did much better when they were awarded a penalty, following a handling offence by Yallourn's young defender Simon Connell.

Peter Avent, playing very well at present, showed how it should be done and converted in expert fashion.

Yallourn's hard working inside forward Smith scored with a perfectly taken free kick from just outside the area.

Frankston's other goalgetter was David Johnston in the 80th and Avent scored again in the 88th minute.

Ted Colar, the press officer of Frankston City paid this compliment to Yallourn after the game. "They're quite a good side and certainly better than their lowly position would indicate."

In a well contested game, Frankston City Reserves won 5-2 against Yallourn's second string.

\*\*\*

DESPITE THE UN-FRIENDLY WEATHER, about 500 spectators went to see Preston beat

St Albans 4-1 in a fast and often skilful encounter.

It was a welcome return to form for the glamorous Preston Macedonia club with Ian Reid with two (1 penalty), Robert MacDonald and Vlado Koteski the scorers.

Branko Trijanovski, Preston's popular secretary said with a broad smile — "The boys played well. Now we are looking forward to our next match on Saturday against Altona City. It will be a vital match and if the weather is kind, we will get a very big crowd."

And I agree with Mr Trijanovski, it will be an important match and indeed not only for Preston, but also for Altona.

Ian Reid, is becoming something of a penalty kick expert and it is good to see him amongst the goals again.

Altona City and Preston play an attractive brand of soccer and it will be well worth journeying to the J.A. Cochrane Reserve, Collier Street Preston to see what promises to be an important, crowd pleasing match on Saturday.

Preston's reserve game against St Albans had to be postponed because of the heavy conditions.

Albion Rovers and Essendon Lions played out a goalless draw. But don't let the result fool you, it was a real cliff-hanger all the way.

Green Gully's effective backing up and ability to convert scoring chances, enabled them to defeat Western Suburbs 3-1.

Keilor City got the taste of victory again, defeating Box Hill 2-0. Keilor held the upper hand for most of the game and what made matters worse for the Hillmen, their forward line was ineffective in front of goal.

But don't write off your team Box Hill fans — there is a sound planning move by the hard working committee in operation which might take several years to bear fruit.

Vice President Ron White pointed out that Box Hill is now a 100% amateur team, wholly and solely content to consolidate the club in the Metropolitan League.

Average age of the players is 23 and 20 players have left the club for one reason or another. Box Hill are team building again around some of their stalwarts like Ray Taylor, Andy Smale and Andy Bradley, to mention just three fine players.

In the goalkeeping department, Box Hill look very healthy. They have two of the most promising young talents in Harold Bauer and Murray Pearce.

John Brown, their playing coach is extreme-

ly knowledgeable and as Ron White said. "We need a little time and patience from our supporters. When we are ready, we will make a crack at the State League again."

Striker Sean Kearney from Irish club Crusaders and Merv Samuels, a sweeper from Southern League club Gloucester City are two new faces that will shortly add strength to former Victorian giants Box Hill.

\*\*\*

WAVERLEY CITY are doing well and their clever junior policy is paying dividends. They defeated Newport 2-0 in a high standard game that did credit to both sides.

A quote from their successful player coach Dave Fearn is well worth repeating. He was talking about his speedster Peter Whitehurst — "Peter is so fast, he could head his cross."

Waverley City are also pleased with their new recruit Dave McCourt of Albion Rovers who is only 21 years of age and fitting in well with players like Ted Quy, Tom Weire and Sandy Bruce.

\*\*\*

COBURG defeated Chelsea Soccer Club 3-2 in a high standard game which left spectators satisfied with the performance of both teams.

\*\*\*

CHELSEA opened the score with a good goal after five minutes. Sav Neri showed his alertness when he took his chance well following a great pass from Mike Haupt.

Chelsea continued in fine style and after 20 minutes made it 2-0 after Jimmy Logan rounded Coburg's left full back to score from an acute angle.

Coburg came back strongly in the second half through their dangerous right winger with a good goal.

Then came a disputed goal from Bobby Malcolm to make these good sides equal. Ten minutes from the end Coburg got the winner.

Keeper Neil Evans, Chelsea's outstanding player punched clear a cross from Bobby Malcolm but Sammy Loughran was in the right place to head the ball into the net.

\*\*\*

CONGRATULATIONS to Chelsea's Bobby Dale who became father of a healthy baby son last week. Already everybody at Chelsea is hoping that junior will follow in his father's footsteps.

Chelsea fans don't forget, a Fancy Dress Ball will be held at St Ardens Hall in Carrum on August 31 and a big turn out is anticipated.

# ON SIDE WITH STEPHEN KALUS

THE ROTHMAN'S State League competition eached the half-way mark last weekend, and what shock results! Slavia which had a chance to regain the leadership, were beaten by the fast-improving Melbourne, Fitzroy-Alexander left the points at Maribyrnong in favor of Polonia. Mooroolbark shared points with the highly-rated George Cross, Juventus grabbed a point from leaders South Melbourne Hellas and on Saturday, Footscray-JUST and Hakoah-St Kilda just managed to win by odd goals. Despite the shock results the State League ladder did not change, but the finish of the first round was a warning to the top teams that there will be no pushovers in the second round.

\*\*\*

TONY KOVAC, the State League chairman and JUST president, is back in Melbourne from the World Cup finals and is full of prize for the organisers, West Germany and the soccer ruling body, FIFA.

Tony attended an administrator's conference organised by FIFA and in the future will call a special conference of State League clubs and discuss the modern methods of club administration.

\*\*\*

JUST A few notes for Lou Richards & Co.

According to Ernie Barrett, the Victorian Junior Soccer Federation secretary, there are 12,000 juniors registered with the Federation and another 25,000 youngsters are playing soccer at schools and with country clubs. Sponsorships worth nearly \$100,000 were recently granted to top soccer clubs in Victoria, and the Federal Government is sponsoring the Under-15 junior championship which will be played in Adelaide at the end of August.

\*\*\*

ALEX STRAUBINGER who joined Hakoah-St Kilda last year together with Mike Micevski had to wait more than 12 months to join the State League team. Sam Myer heavily hit by injuries and suspension, used Alex as full back against Keilor-Austria and Wilhelmnia and it looks that the fair-haired former Altona City utility player found a permanent place in the State League team.

\*\*\*

BILL CURRAN, the Under-16 State manager-coach, is very optimistic about Victoria's chances in the Perth carnival at the end of August.

Last year Victoria was beaten by the winners of the carnival Northern NSW 1-9 in semi-finals, but this year the Victorian team is much stronger. Victoria will play in group 'A' with Northern NSW, Western Australia and Canberra.

In Group 'B', the following states will participate: Queensland, Tasmania, South Australia and NSW.

Two top teams of each group will play in semi-finals.

\*\*\*

JOE KATZ, who scored the winning goal for Hakoah against Wilhelmnia, is from the junior ranks.

A few years ago he came on in the second half at a night game against Croatia and also scored the winning goal.

KEILOR-AUSTRIA gave JUST a fright during their game at Footscray Reserves.

Although on the bottom of the ladder, Keilor matched last year's premiers in every department, but for excellent play of Milisajevic in goal could not get a single point.

\*\*\*

IT WAS Mike De Bruyckere's term at the weekend. The former Dutch international and now coach of Polonia succeeded at last.

Since taking over as coach of the Polish team he was a worried man. All of the games Polonia lost by an odd goal, but last Sunday "lady luck" was with Mike and his team beat the highly-rated Fitzroy United-Alexander 2-1.

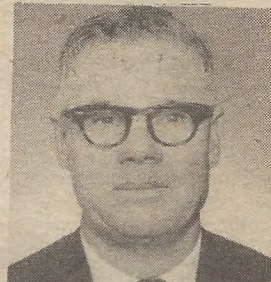

\*\*\*

METROPOLITAN First Division clash between Sunshine City and Altona was a real thriller. Sunshine won 2-1 and with 25 points in hand, looks a good bet to win the premiership and advance to the State League.

LEFT: Another action shot of the Footscray J.U.S.T. v Keilor game.

BELOW: Here we see Steve Rujevic (J.U.S.T.) strike for goal with Fred Schul (Keilor) in the Footscray J.U.S.T. v Keilor game.

South Division: Waverley 'A' v Frankston, Portsea v Doveton, Clayton v Monash University, Dandenong v Chelsea.

## NEXT week's games:

Dandenong v Repco; Doveton v Frankston; Melton v Greensborough; Green Gully v Albion Rovers; Werribee v Broadmeadows.

## PREVIEW:

In a game the outcome of which is likely to determine a finals berth for the winner Dandenong will clash with Repco at Greaves Reserve in Dandenong.

The hosts after a strong start into the season, have faded somewhat; where against Repco seem to be going from strength to strength. I go for Repco.

In the other East division match Doveton looks too good for Frankston and should take full points.

In the West Division Greensborough will have to travel to Melton to front up against the Divisional leaders, and a loss by the 'borough could end all final dreams for this talented side. The outcome of this match will much depend on the form of 'borough strikers Shona Bass and Andrea Martin.

The Magpies, however, have with Jeannette Melvin one of the best players in the Association. Add to that Kay Morley and Coleen Philips, and one has to concede Melton the better chances.

In the other two matches Green Gully (against Albion Rovers) and Werribee (against Broadmeadows) should coast to runaway victories.

## SOCCER WEEK POOLS GUIDE

FOR JULY 27

By JOCK STEPHEN

## MATCHES:

Victoria will offer the greatest opportunity on July 27, to get those elusive draws on the treble chance.

South Australia not being represented on that date, we find West Australia could produce the best support.

First and Third Division in Victoria provide the most even competitions in memory, so look there for your draws.

GOOD LUCK!

## Dandenong 0 - Princess Park 3 Metropolitan League Division Two

Princess Park defeated a poor Dandenong City to come out easy 0-3 winners.

From the start Dandenong was under pressure from the young Princess Park forward line.

After only five minutes a lob ball over keeper Ford's head was slammed by Turnbull into the net.

Princess Park did not release and kept full pressure on Dandenong. Dandenong's forward line played very weakly and have not found the net for the previous two games.

The Dandenong mid-field could not get hold of the middle of the park and let the Princess Park talented mid-fielders dictate the play, this made it hard for Dandenong's defence to

play the ball out to the forward line.

When at times the mid-field did gain control they could not use the ball to full advantage due to the forward's lack of enthusiasm to run to a good position to receive the ball.

The most effective forward was Stanway who was replaced by Stajanowski at half-time. Another forward who made an effort to look for the ball was Hill, who was also replaced late in the second half.

It seems hard to justify the places of some of the forwards who are not doing enough work.

Princess Park kept on full pressure at Dandenong, which conceded two more goals before half time. It should be noted that the Dandenong defence had conceded only two goals in the previous five games.

In the second half Dandenong were expected to come out fighting and make it hard work for Princess Park, but as in previous games they came out with a mouse-like attitude and were content to let Princess Park play the game.

Princess Park gaining two points now look good for promotion and Dandenong will be in Division Two again next year.

# INDUSTRIAL LEAGUE CHATTER

By FRED HABBE

## DEFENDING CUP HOLDERS OUT!

For McColl, the 1973 ADIDAS Cup Winner, dreams of making it two in a row ended suddenly when the leading Industrial side crashed to VRI at Royal Park by two clear goals in Sunday's ADIDAS Cup quarter final clash.

The cup defenders must have taken the match on the light side. How does one otherwise explain such a shock result?

The visitors had the better part of the game for most of the time, but despite their seemingly superiority failed to convert their numerous scoring chances into all-important goals.

Instead it was Brian King who got the underdogs ahead in the first half.

After a goal by Jimmy Daperis early in the second half was disallowed McColl looked very much a frustrated side. Continuous bombardment of the Railway goal was to no avail, and a second goal by Steve Marcou for the Sleeper a minute from time put the final seal on a match that must be regarded as the biggest upset in MISL history yet.

McColl's recent star acquisitions, the Ristic brothers, although showing plenty of ball talent do not produce the goal-getting qualities of Themann and Burden, and it is no coincidence that McColl loses games despite optical superiority.

Full credit to a hungry and very determined railway side. The team certainly made up for recent losses with Sunday's bolt out of the blue.

## TOOMB'S GOALS ROCK BOSCH

Four goals by Patons Brakes striker Eric Toombs spelled the end for top first division side, Bosch in this year's ADIDAS cup. A 'Little Wembley' Patons Brakes scrambled to an astonishing 5-4 victory over outright favorites, Bosch. Bosch made the mistake of not guarding the uncanny PBR goalgetter, Eric Toombs and promptly paid the penalty. Toombs, sneaking through the Bosch defence in typical fashion piled up three goals for Brakes in the first half.

Within seconds of the re-start into the second half Gatin Augustin increased the lead to four goals and the game appeared all but over. But then Bosch charged.

With goals by Stoilovic (2), Roman Petelinek and Bozic the visitors made the unbelievable happen and drew level at four goals a-piece. And again it was Eric Toombs pulling his side out of trouble. Lobbing a ball over the defence, then only the keeper to beat he put Patons ahead.

An up-to-then very sporting game was suddenly marred by two ugly incidents. Bosch full-back Ratko Knezevic received marching orders after a violent tackle. Team-mate Rudi Petelinek got upset about it, and in no uncertain terms made this clear to referee, Jim Brennan.

Well, a referee is not to be pushed around a man-handled, so Petelinek too had to leave the

field. Badly decimated, Bosch failed to improve the score, and had to concede defeat at the time of the final whistle.

## DON SPURS FALCONS TO NEW HEIGHTS

Broadmeadows Plant Manager, Don Daveson gave his side a good talking to in the Ford dressing rooms before the start of Sunday's big match against favorites Cartro, and it worked.

The Falcons, twice beaten in the League by Cartro, produced a fantastic fighting effort to clinch the all-important encounter by the odd goal in three.

Before a crowd of approximately 500, Ford proved to out-run their classier opponents.

Falcon keeper Harry Mastorakakis, despite pain in his hand was determined to play and this gave the side a big lift. Mastorakakis played a brilliant game. ACE striker Mladen Mutic shot the Falcons in front in the 41st minute and Richard Cooke made it two only five minutes after the interval.

Waszczyszyn scored the solitary goal for the losers.

Judging by the jubilant crowd after the match one could have got the impression as if the Falcons had just won the World Cup. Certainly it was a great day for the team and the officials.

At Royal Park, Ericsson coasted to a what appears to be a convincing 6-2 win over Third Division side, Wills.

But the hosts played all but convincingly.

Wills held the favorites and yet unbeaten Second Division team to a 2-all draw at half-time.

The second half saw much the same action but no more goals would come the way of Wills, while Ericsson scored from every available opportunity.

For the winners Basic scored two, Gurken two, Ilic and Baier one each. Livingstone and Purdie got their names down for the two Wills goals.

Three goals were netted by Mirko Dzanovski and one each by Vojta Milenkovic, Tom Milenkovic and Giuseppe Muratori. Young scored the consolation goal for Dulux.

AWA-Thorn move now into second position on the League ladder.

How wrong can you be? Three times out of

four I went wrong with my predictions for the ADIDAS Cup quarter final results.

Well, it could have been worse. But then who would have expected results like mighty McColl losing to VRI, or the all but convincing Brake people knocking off Bosch?

\*\*\*

A referee was overheard, after a ball was handed in the penalty area during a match last Sunday, of saying, after minutes of deliberation: "Well, I think I have to give a penalty."

Too right, ref, handball in the box by a defending player is a penalty alright.

\*\*\*

Former George Cross star and Victorian squad player, Barry Horsfall, turned out to be the revelation for Standard.

Barry, in the linkman position was the dominating player on the ground when Standard outclassed Goodyear by three clear goals last Sunday. A lot will be heard of Horsfall yet.

\*\*\*

And it is strange, to say the least, to see the editor of the ill-fated Metropolitan League newsletter, Goalpost, talk about imitation.

Didn't Mr Shorrock know that the Industrial League has operated its "League News" most successfully for the past three years? I dare to say that "Goalpost" was, if not an imitation, certainly started as a direct result of the success of the "League News".

\*\*\*

If any one wonders why the name Sam Galloway doesn't appear in the top goal scoring lists anymore, I know the reason.

The Kodak star player is being fielded in a defensive midfield position, and may I add, very successfully.

Unfortunately the Kodak attack has lost a lot of sting ever since. Perhaps the answer for Kodak's problems could be a switch of Sam back into the forward line.

\*\*\*

Siemens goalie George Zenos was the most determined player on the field in last Sunday's friendly against Kodak. George felt he had to prove something after his disastrous game the week before against Ericsson when he let five balls pass him. George was at his brilliant best against Kodak, and seems to have regained his confidence.

\*\*\*

Albert Addicott, top notch at Kodak, must surely rate as the most honest president in the MISL.

Whenever following his own forward during his regular weekly stint as linesman, he surely has his flag up if anything only remotely smells like off-side. Addi, incidentally, is dinky-di Australian, but his heart belongs to Soccer.

## HAZEL BOOTS GREEN GULLY INTO ASSOCIATION CUP SEMIS

A thundering free-kick goal by Hazel Donovan midway through the 2nd half put Green Gully girls well on the way into the Association Cup semi finals quarter final replay at Green Gully last Saturday against Werribee.

Only eight minutes later Hazel sealed the game for the Gully by converting from a penalty.

But the revelation of the match was young Werribee winger Susan Brooks who showed excellent ball skill, but unfortunately lacked support by her team mates. Watch out for that girl. A lot will be heard of her yet.

\*\*\*

## SANDRA SHEEDY AGAIN

Bayswater picked up their first championship point against leading side, Doveton in Sunday's encounter. Again it was Sandra Sheedy starring the Bayswater girls. Sandra also booted both goals in the 2-all finishing match. Bev Hubbard and Marlene Raess scored for the leaders. Jose Hili and Chris Logan were the outstanding players in the Doveton side.

Best for the winners: Barbara Lackey, keeper Ursula Lackey and striker Glenys Brown. For Frankston Bunny Luca, Tina van den Draai, Pam Filipic and Jenny Burt drew best marks.

## REPCO CHARGE FOR THE TOP

Repco Clayton, after a dismal start into the season are going from strength to strength, and by adding with Frankston another scalp to their list of conquests, the team bolted into second position. Glenys Brown banged in two goals and young Barbara Lackey added the third for the winning side. Tina van den Draai scored the consolation goal for Frankston.

Best for the winners: Barbara Lackey, keeper Ursula Lackey and striker Glenys Brown. For Frankston Bunny Luca, Tina van den Draai, Pam Filipic and Jenny Burt drew best marks.

## MELTON CONSOLIDATES TOP POSITION

In the West Division leading team Melton widened the gap to second to five points, with a confident 3-1 win over giant killers Werribee. Melton left no doubt that they will be the side to beat for this years first ever women's championship.

Kay Morley who has developed into a fine technically sound player, besides scoring one of the goals played an excellent game. Twelve-year old Bronwyn Philips entered her name into the goal-scoring list and sister Jeannette Melvin, Meltons most experienced player, missed a penalty.

Werribee keeper Sue Parker with a brilliant performance left no doubts that she is the best player between the sticks in the Association.

## WHO STOPS HAZEL?

Green Gully revived hopes for a finals berth with a narrow 1-0 victory

over injury stricken Greensborough at Watsonia High. Again it was Green Gully ace Hazel Donovan slamming home that decisive goal.

The 'borough had no answer to the technical skills of Hazel, and for the greater part of the game found themselves on the defensive. Jan Snedden, Penny Ball and Linda Pearce, all in defence got best marks for the hosts. For the winners, Hazel Donovan was the outstanding player, but Dorothy Abela and Louise Stafface deserve a mention.

## WINNING GOAL OFF/SIDE?

Although Albion Rovers won the battle against Broadmeadows narrowly by two goals to one, the 2nd Rovers goal was hotly disputed by Broadmeadows. According to observers it was off-side all the way. Well, the referee decided on goal and that is all that counts. Congratulations to Albion for their first win this season.
